ORDER

Chambers and government counsel have received a communication from plaintiffs' lawyer indicating that a document which the government will be filing in another matter by this Thursday will have a bearing on the content of the long-anticipated second amended complaint, and the reply in support of the motion for leave to file a document under seal. As a consequence, the deadline for filing those two documents is extended to **Friday, February 11, 2022**. If plaintiffs determine that one or both documents are no longer necessary, they may instead file a status report, on or by that same date, informing the Court of this determination.

IT IS SO ORDERED.
